

Peterson
Schools

Facilities

We have 4 campus in Mexico city:

- ❖ Cuajimalpa
- ❖ Lomas
- ❖ Pedregal
- ❖ Tlalpan

Facilities

We have libraries in each campus with books for our students.

We also have an MPC in which we celebrate most of our activities. It also has a stage for plays our students watch.

Virtual community

We have a virtual community (moodle) that teachers use to communicate the homework or other important things to students.

Parents use the virtual community to get to know school news and other important information that they should know.

advantages

In Peterson school we have a social service program in which students do different things to help.

We also have a values program in which students learn the Peterson values and learn how to live using them.
